Content Writer

Oct 2019 - Oct 2021

Vishalakshi Foundation, Lucknow

During my time at Vishalakshi, I contributed as a content writer, where I was responsible for writing articles for newspapers to support and highlight the foundation's ongoing campaigns and social drives. These articles aimed to create awareness, engage the community, and showcase the impactful work being carried out by Vishalakshi. Additionally, I also created content for the foundation's official website, ensuring that the website effectively communicated the organization's vision, ongoing projects, and success stories to a wider audience. Through this role, I developed strong skills in writing for diverse platforms, adapting my writing style based on the target audience, and aligning content with the organization's social impact goals.

Fundraising • Internship

Mar 2019 - Apr 2019

Vishalakshi Foundation, Virtual

As a Fundraiser Intern at Vishalakshi Foundation, I had the opportunity to work closely with the organization's team to support their mission of creating social impact through various community welfare initiatives. My primary role involved developing and executing strategies to raise funds, approaching potential donors, and building partnerships with individuals, corporates, and philanthropic groups. During the internship, I actively participated in fundraising campaigns, drafted donation appeals, and managed communication with prospective donors to convey the foundation's vision and ongoing projects. I also contributed to the design of creative content for fundraising drives on social media platforms, ensuring we could reach a wider audience and encourage more people to contribute.

Teacher

Aug 2018 - Aug 2019

unacademy, Virtual

As an online educator on Unacademy, I was responsible for creating and delivering high-quality, engaging, and curriculum-aligned content for SSC exam aspirants, specifically in Biology. I conducted video lectures in Hindi ensure wider accessibility and understanding. My key responsibilities included: Curriculum Design: Developed structured lesson plans based on SSC syllabus, breaking down complex biological concepts (e.g., classification of plants, life cycles, reproduction) into easy-to-understand segments. Interactive Teaching: Delivered live and recorded classes on Unacademy, incorporating visual aids, diagrams, and real-life examples to enhance learning outcomes. Doubt Resolution: Actively engaged with learners through Q&A sessions and comment discussions, ensuring clarity on fundamental concepts. Performance Tracking: Monitored student progress through quizzes, practice sessions, and feedback mechanisms to improve lesson delivery. Content Creation: Designed supplementary study material, notes, and MCQs to reinforce classroom teaching and aid in exam preparation. This experience enhanced my subject expertise, digital content delivery skills, and ability to simplify technical information for competitive exam aspirants.
